# Lockton to build \$765M World HQ Campus in Leawood

A longtime, large Kansas City employer made the major announcement in December 2025 that they will construct a bespoke 34-acre campus in Leawood at Hallbrook North with plans to be fully occupied by 2030.

As the largest privately held insurance brokerage in the world, the project will serve as a new anchor on the east end of the College Boulevard corridor, Kansas City's largest office submarket.

At State Line Road, Red Bridge Road transitions into College Boulevard, creating a direct east-west link to one of the Kansas City metro's most prominent office and business corridors.

This strategic positioning places the property in the path of continued corporate growth, with visibility and access to a deep base of office professionals, nearby residents, and destination-oriented traffic.

## The proposed development includes:

- Office | 857,000 SF (3 buildings proposed)
- Multifamily | 499,000 SF with 400-units
- Retail Space | 16,000 SF
- Event Center | 10,000 SF
